

Notice concerning Swimsuits QR Code

This notice concerns the QR Code for the swimsuits. You know that since January 2024, you have bought only CMAS-certified swimsuits. All other swimsuits sold without a QR code are not certified for CMAS, and then you aren't able to use them in competition.

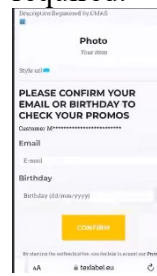

This mandatory QR code must be applied to each homologated item to avoid counterfeiting and allow traceability and genuineness.

After purchasing the swimsuit, it must be registered in the CMAS database. Below is the visualised registration process.

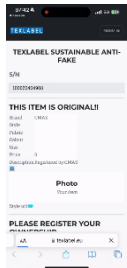

Your QR Code and the reference number.
Flash this QR Code with your smartphone

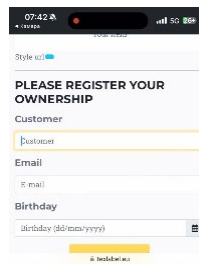

Step 1: this is the first window. Enter the data required.

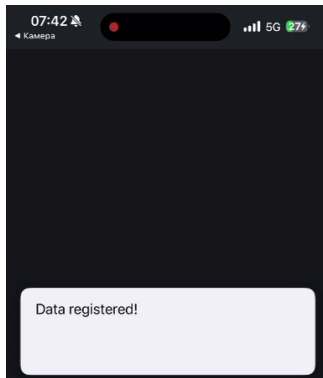

Confirmation that the swimsuit is original and certified

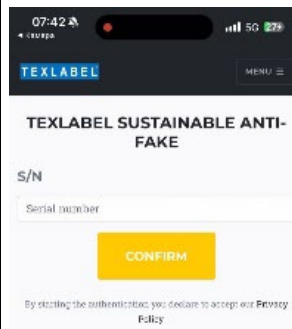

Second part of the frame. Enter your family name, mail and DoB

Successful !

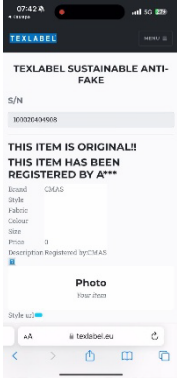

After closing the previous window, type the code number (it's the number under you QR code)

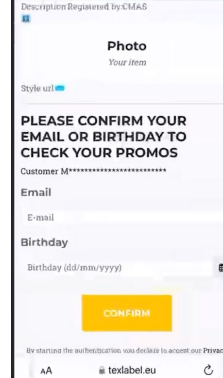

Next Window. Confirmation that the swimsuit is registered under your name (it can be helpful if you lost your equipment)

The last window is where you type again your mail and birthday for the future to be informed on your promos

You finished registering for your swimsuit to secure your equipment.
