2. Swimming Individual Entries

- a. To add one new athlete, press **“Add Swimmers”** button to start registration procedure.

- b. In the new form which opens, start typing surname / name and select gender, then press **“Find”** to search for existing athletes in the database. All athletes corresponding to the selected criteria will be shown in the grid. Once located the right one, select him/her by ticking the check box on the left side of the row, and select **“Confirm Selected”**. Multiple selections are allowed.

The screenshot shows the 'Search Swimmers' form. The search criteria are: Last Name: vaza, First Name: First Name, Gender: (dropdown), Select Country: Greece. The 'Find' button is highlighted with a red box and an arrow. Below the form is a table with columns: Last Name, First Name, Gender, Birth Date, Clb. Nat, Club ID, Club Code, Club Name. The table contains three rows. The second row is selected, and its checkbox is checked. The 'Confirm selected' button is highlighted with a red box and an arrow.

- d. To add accreditation photo and review athlete personal data, including name to be corrected, select the athlete row and press “**Edit Swimmers**” button.

- e. Athlete photos can be uploaded by pressing the “upload document” arrow on the top, and selecting the file on your PC to save the file.

The uploaded file will appear just below. Make sure uploaded photos are in passport format.

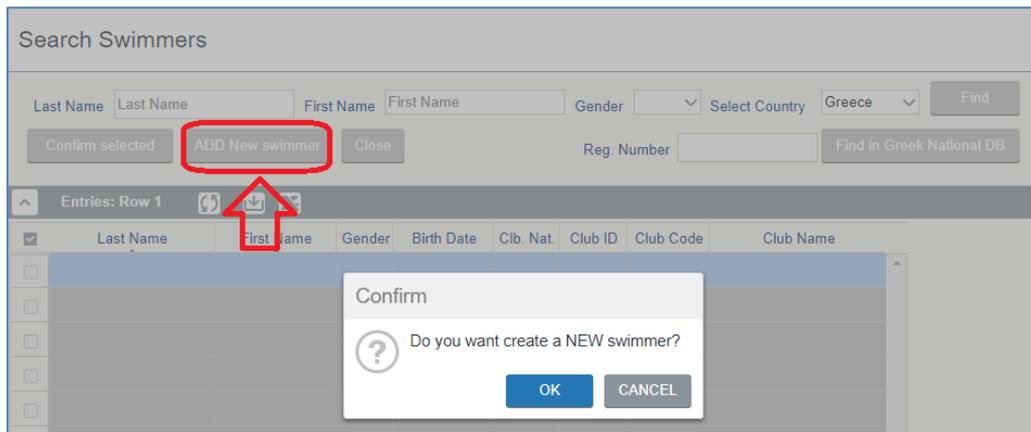

- f. Once completed the editing, data can be confirmed with the “Save” button.

- g. In case an athlete is not found in any database, you will be able to create a new swimmer.

From the search window, you can press “**ADD new swimmer**” and manually enter all details through the editing window in insert mode.

Limit this procedure only to the athletes not found in the database, as no registration times will be available for him/her when registering to the competitions!

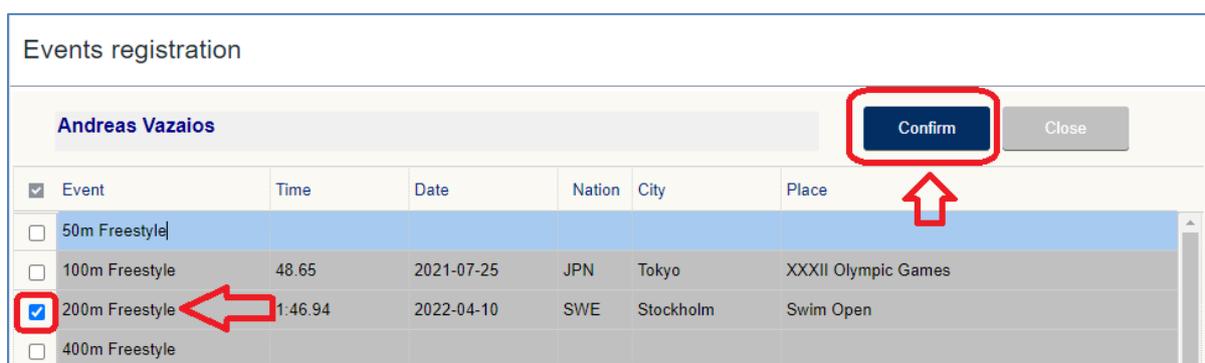

- h. To register an athlete for a specific event, select the athlete row, then press the **“Edit Events”** button.

- i. All competition events will appear, with the qualify time available in the database. Tick all the checkbox of the events you want to register him/her for, then press **“Confirm”**.

In case of an athlete neither found in International nor National database, no qualify time will be displayed and his/her entry time will be recorded as “N.T.”.

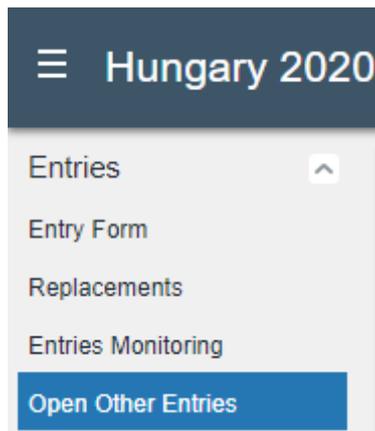

- j. Athlete entries will appear in the **“Registration to Events”** grid. In case you would like to delete a previous registration, just select **“Edit Events”** once more and uncheck undesired events.

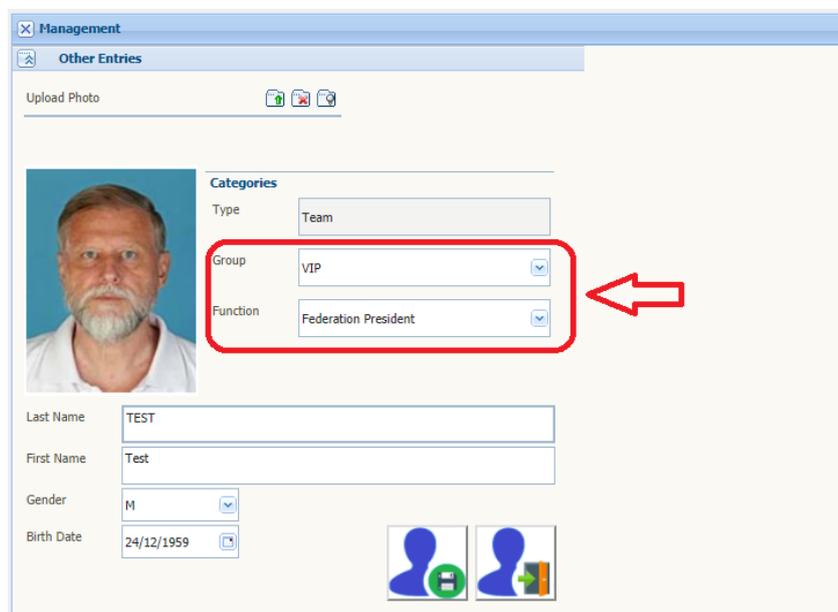

3. Team Staff Entries

To register all the other members of the Delegation which will require an accreditation during the event, a similar process has to be followed:

- a. Connect to the same address <http://entryacropolis2022.microplustiming.com/> and login with username and password of your Federation / Club.
- b. Select the menu voice **“Entries > Open Other Entries”** on the left side of the screen.

- c. Fill in all personal data required, including the Group and Function in the “Categories” section.

A screenshot of a web application window titled 'Management'. The window has a tab labeled 'Other Entries'. Below the tab, there is an 'Upload Photo' section with a photo of a man. To the right of the photo is a 'Categories' section with two dropdown menus: 'Group' (set to 'VIP') and 'Function' (set to 'Federation President'). A red rectangular box highlights these two dropdown menus, and a red arrow points to the right from the box. Below the 'Categories' section, there are input fields for 'Last Name' (TEST), 'First Name' (Test), 'Gender' (M), and 'Birth Date' (24/12/1959). At the bottom right, there are two icons representing user profiles.

- d. As in the athletes registration section, photos can be uploaded by pressing the “upload document” button on the top and selecting the file to be stored onto server.
